

An ISO 9001:2015 certified Company

To Supply you with
**HIGH-QUALITY FORGED
COMPONENTS &
PRECISION-ENGINEERED
PRODUCTS**

Gat No. 239, Alandi Markal Road, Dhanore, Pune : 412105
Email : sansuveind24@gmail.com GST No : 27AFIFS3872B1ZW

ISO 9001 certified Company

Sansuve is a leading provider of high-quality forged components and finished products. With a strong focus on precision engineering and customer satisfaction, we offer a comprehensive range of solutions to diverse industries.

Our services

Precision Forging

Advanced forging techniques for high-strength, durable components with exceptional mechanical properties.

CNC/VMC Machining

High-precision CNC machining services for complex components with tight tolerances.

Custom Components

Tailored engineering solutions designed to meet specific requirements across various industries.

Quality Inspection

Comprehensive quality control services utilizing advanced measurement equipment.

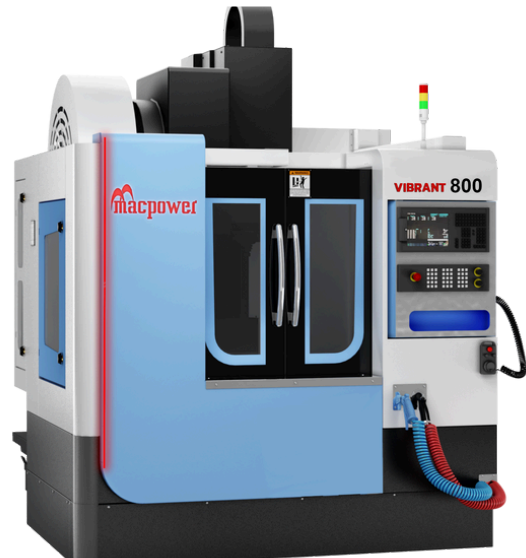

Rapid Prototyping

Quick turnaround prototyping services to help bring your concepts to life and validate designs before full production.

Engineering Consultation

Expert advice on design for manufacturability, material selection, and process optimization.

Production Facility

Forging Equipment

400 Ton Press Forging

200 Ton Press Forging

100 Ton Press Forging

100 Ton Upstroke Forging Press

Heating & Supporting Equipment

Induction Heater – Lenzotherm 175 kW

Induction Heater – Plasma 125 kW

Metal Gathering Machine (6 mm – 18 mm)

Shot Blasting Machine (250 kg capacity)

Our Products

Thrust Bearing Ring

Precision shafts

Precision Brass Fittings

Aluminum Mounting Brackets

CNC Turned Components

Threaded CNC Inserts

Industrial Spur Gear

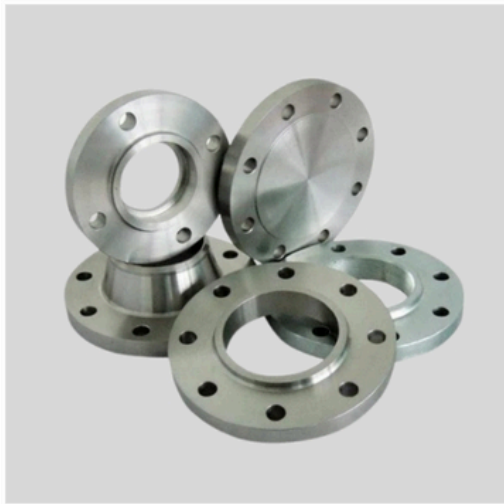

Precision Pins

Bearing Housing Ring

Machined Block Component

Steel Pipe Flanges

Piston Components

Metal Flanged Bushing

Custom Milled Bracket

CNC Milled Housing

Brass Turned Part

Metal Sealing Ring

Steel Hollow Tube

About Sansuve Industries

A customer-focused manufacturing company dedicated to excellence in precision engineering and product quality.

Our Mission

To deliver high-quality, precision-engineered forged and machined components that empower industries worldwide. With a focus on continuous innovation, uncompromising quality standards, and customer-centric solutions, Sansuve Industries strives to build long-term partnerships and advance sustainable manufacturing excellence.

Our Vision

To be a globally trusted leader in precision manufacturing—recognized for engineering excellence, innovative solutions, and a steadfast commitment to quality, sustainability, and long-term client success.
